

Organizational Course Management System

Wireframes

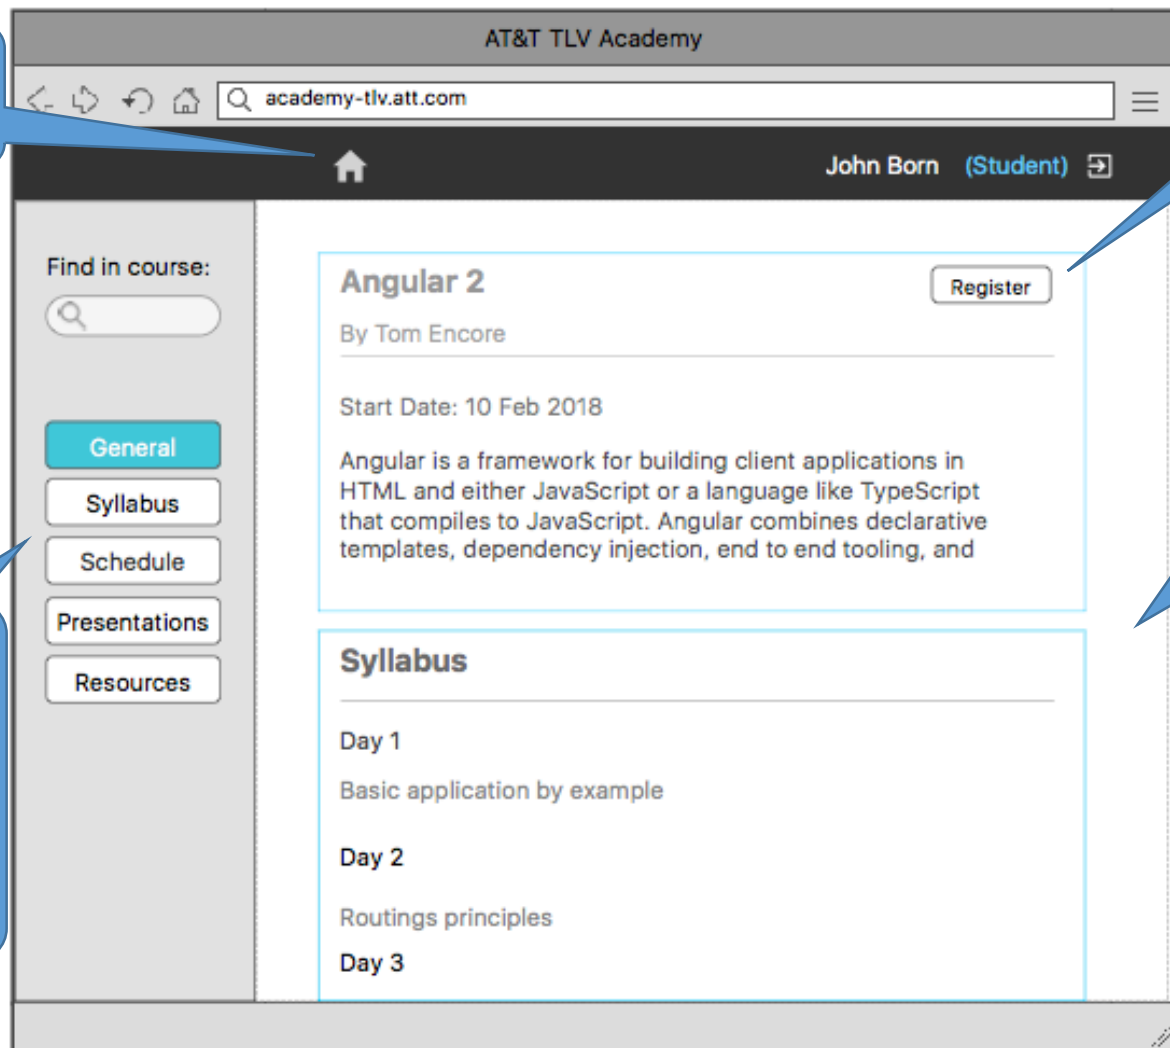

By Ronen Wolfson

Student Mode

After Login:

After selecting a course (not attending):

Viewing a course page the student is attending:

The screenshot shows a web browser window with the address bar displaying "academy-tlv.att.com". The page title is "AT&T TLV Academy". The user is logged in as "John Born (Student)". The main content area displays the course "Angular 2" by Tom Encore. A sidebar on the left contains a search bar and navigation buttons: "General", "Message Board", "Syllabus", "Schedule", "Presentations", and "Resources". The "Message Board" button is highlighted. The message board itself shows three messages: an instructor message about homework, a student message asking for the last exercise, and an instructor message about the next lesson location.

Admin Mode

Admin fills in needed information like instructor, dates, and list of students:

The screenshot shows the AT&T TLV Academy admin interface. The browser address bar displays 'academy-tlv.att.com'. The user is logged in as 'Jane Bake (Admin)'. The left sidebar contains navigation buttons: 'General' (highlighted), 'Syllabus', 'Schedule', 'Presentations', and 'Resources'. The main content area is titled 'Angular 2' and includes a 'Publish' button. Below the title, there are two dropdown menus: 'By: Instructor...' and 'Attendents: Students...'. Two blue callout boxes point to these dropdowns, labeled 'Assign instructor' and 'Assign students' respectively. Below the dropdowns is a text area labeled 'Add Description here...'. At the bottom, there is a section titled 'Syllabus' with a text area labeled 'Add Syllabus here...'.

Assign instructor

Assign students

Admin can publish the course if Admin assigned at least the instructor and the attendants:

The screenshot shows the AT&T TLV Academy web application. The browser address bar displays 'academy-tlv.att.com'. The user is logged in as 'Jane Bake (Admin)'. The left sidebar contains navigation buttons: 'General' (highlighted), 'Syllabus', 'Schedule', 'Presentations', and 'Resources'. The main content area is titled 'Angular 2' and includes a 'Publish' button. Below the title, the 'By:' field is set to 'Tom Encore'. The 'Attendents:' field is a dropdown menu showing a list of names: Ann Baker, Tom Jackof, Rick Lake, and William Daison. Below this is a text area labeled 'Add Description here...'. At the bottom, there is a section titled 'Syllabus' with a text area labeled 'Add Syllabus here...'. A blue callout bubble points to the 'Publish' button with the text 'Publish the course to attendants'.

Admin setting of the schedule:

Instructor Mode

Can upload presentation and other resources:

The screenshot displays the AT&T TLV Academy Instructor Mode interface. At the top, the browser address bar shows 'academy-tlv.att.com'. The header includes navigation icons and the user 'Tom Encore (Instructor)'. A left sidebar contains a search bar and buttons for 'General', 'Message Board', 'Syllabus', 'Schedule', 'Presentations' (highlighted), and 'Resources'. A blue callout bubble points to the 'Presentations' button with the text 'View slides'. The main content area shows a presentation slide titled 'Angular 2' by Tom Encore. The slide content, titled 'Presentations', lists the technologies Angular 2 is based on: ES6/TypeScript, Module Loaders, DOM, Web Components, Observables, ZoneJS, and AngularJS 1.x. To the right of the list are icons for ES6, TypeScript, and Angular, with 'DOM' written above them. Navigation arrows are visible on the slide.
